Recommended Put in Bay Hotels & Resorts

THE COMMODORE RESORT PUTINBAY

Newly renovated, the Commodore Resort is located in the heart of downtown Putinbay and is a beautiful, masonry, three-story building. The new rooms include; King Jacuzzi Suites, eight-person suites, and the traditional two double beds. In addition, there are handicapped rooms available. All of the rooms in the new building are equipped with high speed internet, microwaves, refrigerators, and the majority of the rooms have a view overlooking the famous pool area and tiki bar called MIST. We also have a conference room and catering for larger groups of up to 100 people for business meetings, banquets, and so on.

We have a lot to offer. We are located in the heart of downtown Put in Bay. We are the only Put in Bay hotels on Delaware Ave with a Caribbean style, MIST swim up pool bar with cabana bottle service. We are also proud of Mr. Ed's Bar and Grille. Mr. Ed's has become a must needed stop for great food and great entertainment. Known for their tasty wings, burgers, large sandwiches, fresh cut french fries, perch, and wraps. Need to dance? Party the night away in the open air at the Green Room, a dance club atop of Mr. Ed's Bar. Open Weekends at 10:00pm. Yes! This is true! Commodore Resorts has a Subway Restaurant located in the hotel lobby. Need a golf cart for the day? Ask at the front desk. We have that too. Please note that all of our establishments are 21 and over only! One of the best Put in Bay hotels!

THE VICTORY STATION PUTINBAY

Built in 2013, the Victory Station is the newest and most modern hotel offering on the island, while maintaing the most Victorian and olde-world feel of any lodging available. Guests will be taken back to Put-in-Bay's early days when they enter their room and feel the ambiance emitted from the classic furniture and decor. At the same time, all the conveniences of home are available including a flat-screen TV for catching the news or the big game. Located onsite, Put-in-Bay Golf Cart Depot offers golf rentals on an hourly, daily, or overnight basis. Please feel free to phone or email us for a brochure, send an enquiry or make a booking - or check availability and book online. Booking direct with us means you enjoy our best rate guarantee, and a host of other benefits you won't get if you book with online travel companies.

PERRY'S CAVE
Perry's Cave, registered as on Ohio Natural Landmark, is a NATURAL limestone cave steeped in historical tradition. The cave lies 52 feet below the surface of South Bass Island in Lake Erie. The discovery of the cave, in 1813, is credited to Commodore Oliver Hazard Perry, hero of the battle of Lake Erie. The cave is 208 feet long by 165 feet wide; the walls, ceiling and floor are heavily encrusted with calcium carbonate deposited by centuries of water dripping from the ceiling. The emperature remains in the vicinity of 50°.

PERRY'S VICTORY MONUMENT & INTERNATIONAL PEACE MEMORIAL
Established to honor those who fought in the Battle of Lake Erie, during the war of 1812, but in equal part it is here to celebrate the long-lasting peace between Britain, Canada and the U.S. Situated 5 miles from the longest undefended border in the world. Monument Construction began in October 1912, opened to the public on June 13 1915, and became a National Park Service Memorial in 1936. The observation platform offers spectacular views of the island.
The only time a British fleet had ever been defeated in history was Oliver Hazard Perry's victory against the British on September 10, 1813. The 352 foot high Perry's Victory and International Peace Memorial erected at Put-in-Bay commemorated the victory. Between 1913 and 1916, the massive Doric column was constructed for the centennial celebration. Three British and three American officers killed during the battle lie beneath the floor of the rotunda in the center of the monument on this Lake Erie Island.

SOUTH BASS ISLAND LIGHTHOUSE
Increasing tourist traffic to the island in the late 1800s prompted the Lighthouse Board to approve construction of a light in 1893. The light was to help to mark the southern passage from Sandusky to Toledo, along with several other lights in the vicinity. In 1962 the light was deactivated, replaced by a steel tower standing adjacent to the old house. The lens was transferred to the Lake Erie Island Historical Museum, where it can still be seen.[4] Five years later, the property was declared surplus. The lighthouse is used to house Ohio State University researchers and staff; beginning in the summer of 2007 it was also made available for occasional tours. The exterior of the house is almost unaltered, and in 1990 it was added to the National Register of Historic Places.
