

# Jet Away... Just Not Today

We're in This Together to Keep Everyone Safe

## To our Customers, Partners and Community

While spring has arrived on Ohio's north coast, we know things are different this year. Our crew here can't wait to leave the docks, but we need to ensure it is safe for visitors to enjoy our lake and islands. Until then, we need to pause. In the meantime, we'll be working on making updates to our traveler experiences and preparing to open our brand-new bar at the Port Clinton dock. We'll keep you posted on schedule and event changes on [Jet-Express.com](http://Jet-Express.com) and on our Facebook page.

Like you, we look forward to getting back on the water and sharing the Lake Erie love! Until then, stay healthy, stay safe and we'll save you a seat. See you soon!
